## Workshop

**Workshop**  
Saturday 31<sup>st</sup> July, 10am to 4pm  
**Drawing and Painting to Music**  
Richard Corbett

Richard, landscape painter and abstract printmaker, has always been drawn to the emotional power of music. Because music expresses itself through sound and time, it allows the listener a freedom of imagination, interpretation and emotional response that is not based on the literal or the descriptive.

Richard will help you explore your "internal visual landscape" and give you the confidence to express yourself in an abstract way by using a variety of drawing techniques responding directly to music and then painting in oils using strong colour and bold line, like Kandinsky did at the beginning of the 20th Century.

You may wish to bring your own music to listen to on an i-pod or walkman - classical is best for this, and something with strong contrasts - e.g. Liszt, Scriabin, Wagner, Schoenberg- but rock and jazz work well too.

Also, please bring a pencil, drawing pen and sketchbook for the drawing workshop. All other materials will be provided.

The fee for each workshop is £55. This will include an amount for materials. We provide refreshments during the day and a light lunch.

To book or for more information, please contact us by phone or email.
